Question & Answer:

With reference to industrial development in the Dampier Archipelago and the transcript of proceedings of the National Native Title Tribunal Future Act Unit before Hon C J Sumner, Deputy President, at 9.37 am on Friday 8 November 2002, can the Minister -

- (1) Identify if there is any current interest being shown in establishing industry or infrastructure through or on West Intercourse Island (WI)?
- (2) Advise how many industries are showing an interest in establishing or in developing infrastructure on WI, and can the Minister name these companies?

Department of Industry and Resources advises:

- (1) Woodside Energy Ltd is investigating the option of constructing a buried gas pipeline across West Intercourse Island to bring gas/condensate from its Pluto field to its proposed LNG plant on the Burrup.
- (2) See 1 above.
