

Registrations of Interest

Support Industry Land Burrup Peninsula

LandCorp is undertaking a Registration of Interest process to analyse the demand for land by companies servicing some of the larger projects on the Burrup Peninsula, in and around the Port of Dampier and offshore.

Registrations of Interest are encouraged from companies seeking land in close proximity to the Port of Dampier or the Burrup Peninsula and which:

- support development or existing industries in the Burrup / Dampier region;
- require large areas for operations (greater than 1 hectare);
- may require specialist licences or buffer zones;
- have business associated with the Port of Dampier; or
- cannot be accommodated within the existing Light Industrial areas.

Companies may register online at:
www.burrup.landcorp.com.au

Registrations close at 4pm WST on Friday
August 25 2006.

For further information, or a copy of the registration document please contact Matthew Bradley on (08) 9482 7554 or matthew.bradley@landcorp.com.au
